

HEY, KIDS!

Build A Healthful Bagged Lunch!

It's Lunchtime!

The bell rings and
it's time for lunch.

Did you pack
healthful foods
in your lunch bag?

Eat a Rainbow of Color

Try to pick foods of all different colors. Think of a **rainbow**.

It is good to have many colors on your tray because that means you chose many different kinds of food.

Choose Foods From Each Food Group

Try to choose foods from each of the five food groups. This will help you build a healthful lunch. Here are some ideas:

- **Vegetables:** carrots or celery
- **Fruits:** apples, bananas or strawberries
- **Grains:** bread, tortilla or bagel
- **Dairy:** milk, yogurt or cheese
- **Protein:** meat, peanut butter or nuts.

**Flip the page over to practice
building your own lunch!**

Build Your Own Lunch!

Circle the **healthful** foods you would like to pack in your lunch. Try to choose foods of all different colors from each food group.
