INHERENT HAZARDS & RISKS OF DIVING ACTIVITIES
READ & SIGN BEFORE COMPLETING THE HSA LIABILITY RELEASE

To SCUBA DIVE safely you need to know a few basic rules & procedures that are very IMPORTANT because you are in and under the water, in the sun, around hard surfaces, and breathing compressed air. These safety rules and procedures will be covered in detail during your training course.

a. Breathe: This is the first rule, and it is completely up to you. It is very easy, you just breathe all the time, but it is the MOST IMPORTANT thing you will have to do. If you hold your breath you can rupture your lungs, which is VERY SERIOUS! This is called an Air Embolism and it can cause very serious injuries, even death.
b. Ears: Your ears may experience some pressure, or even hurt, when you descend underwater. This is normal, and you have probably already experienced this pressure in your ears if you have dove underwater, flown in an airplane, or driven in the mountains. You must 'equalize' this pressure, if you cannot it can cause damage to your ears and sinuses.
c. Sun: Wear sunscreen, you will burn easier around water, even if it is overcast!
d. Thermoregulation: Have water and shade available to avoid overheating.
e. Protective clothing: Keep your legs and feet covered. The pool and open water environments have hard and abrasive surfaces that can cause abrasions and tissue breakdown for people with reduced circulation.
f. Dive Duration: Because you are breathing compressed air underwater your body fluids and tissues absorb more nitrogen than at sea level. This build-up of nitrogen can cause decompression sickness (DCS). DCS can result in from mild to very serious injuries, even death. To avoid this we have 'no decompression limits' set for the time one can spend at various depths, making it easy to avoid.
g. Hard Surfaces: Place padding, such as an exercise mat or towel, on pool and boat deck surfaces, and on other hard surfaces, to protect the skin, if needed.
h. Transfer from your wheelchair: Be sure to tell those assisting your transfer what method you use, and then have them explain what they intend to do before they assist you. Have them lift your legs (not drag them) at the knee, so that your legs bend naturally. Be sure to tell them if you have poor balance and to provide support until you are stable.
i. Ascend: Swim slowly, 30 feet/minute, to the surface. Do NOT use a Buoyancy Control Devise (BCD) to ascend, swim to the surface, when your head breaks the surface, inflate the BCD, and attain positive buoyancy and comfort at the surface BEFORE removing your regulator. Swimming too fast to the surface can cause an Air Embolism, which is very serious.
j. Exit the water: Remove your weights, then Scuba unit. Be sure you have in-water and surface support. Exit the water, with assistance if necessary. Your in-water assistant will support your legs during the exit.
k. Recompression Chamber: A recompression chamber is needed to treat various diving related injuries, primarily Decompression Sickness and Air Embolism.

PLEASE READ CAREFULLY, ASK QUESTIONS IF NECESSARY, AND FILL IN ALL THE BLANKS BEFORE SIGNING.
CAUTION: READ & SIGN 'INHERENT HAZARDS & RISKS OF DIVING ACTIVITIES' BEFORE SIGNING THIS FORM.

I, _____, herby affirm and acknowledge that I am aware of the inherent hazards and risks of Snorkeling, Skin diving and Scuba Diving (hereinafter referred to as 'diving activities'). I fully understand that these risks can lead to severe injury and even death.

I understand that diving with compressed air involves risks of decompression sickness, embolism or other hyperbaric injuries that require treatment in a recompression chamber. I further understand that these diving activities may be conducted at sites that are remote by time and distance from a recompression chamber. Additionally, I understand that there are also risks involved with dive travel, including, but not limited to, dive boat accidents, and traveling to and from the dive sites. Nevertheless, I choose to proceed with such diving activities and I freely accept and expressly assume all risks, dangers and hazards that may arise from such diving activities which could result in injury, loss of life and property damage to me.

I understand and agree that neither the professional staff of _____, nor the facility _____, nor others _____, nor the Handicapped Scuba Association, nor its affiliate and subsidiary corporations, nor any of their respective employees, officers, agents or assigns, and volunteers, (hereinafter referred to as 'Released Parties') may be held liable or responsible in any way for the injury, death, or other damages to me or my family, heirs, or assigns that may occur as a result of my participation in these diving activities, or as a result of the negligence of any party, including the Released Parties, whether passive or active.

In consideration of being allowed to participate in these diving activities, as well as the use of any facilities and the use of equipment, I hereby personally assume all risks in connection with said diving activities, for any harm, injury or damage that may befall me while I am participating, including all risks connected therewith, whether foreseen or unforeseen.

I further save and hold harmless said diving activities and Released Parties from any claim or lawsuit by me, my family, estate, heirs, or assigns, arising out of my participation in these diving activities including claims arising during or after the diving activities.

I also understand that snorkeling, skin diving and scuba diving are physically strenuous activities and that I will be exerting myself during the diving activities, and that if I am injured as a result of, but not limited to, a heart attack, panic, or hyperventilation, that I expressly assume the risk of said injuries and that I will not hold the Released Parties responsible for the same.

I hereby declare that I am of legal age and competent to sign this agreement or, if not, that my parent or guardian shall sign on my behalf, and that my parent or guardian is in complete understanding and concurrence with this agreement.

I hereby state and agree that this agreement will be effective for all diving activities in which I participate until revoked in writing by the Released Parties.

I have read and understand this agreement, and agree to be bound by it.
