

Birth Center Tour

Buffalo Hospital's Birth Center is a peaceful place to celebrate new beginnings in an environment designed for family-centered care.

Come learn more about what to expect in your labor, delivery and post-partum experience while touring our beautiful facility. Tours are led by Birth Center nurses. Please come with your questions and leave with a greater understanding, knowledge and comfort about your coming birth.

Here's what past participants are saying:

"What I learned at the tour helped me to be more prepared when things didn't go as expected".

"The Birth Center nurses who guide the tour answered my questions, calmed my fears and prepared me for labor and delivery".

"I liked seeing labor areas and birth rooms, postpartum rooms and nursery".
