

# Courage Kenny Sports & Recreation - Youth Wheelchair Basketball

CKRI offers a competitive basketball program. **Our goal is to field 3 youth traveling teams at each level, PREP-Rolling Rowdies, JV-JR Gophers, and Varsity-JR Rolling Timberwolves.**

All athletes are strongly recommended to play at least one year for the Gophers before trying out for the Wolves team; however, this is dependent on the total number of athletes in the program.

Use the grid to learn the differences of our youth basketball program. Most teams require a certain amount of travel and time commitments for practices. CKRI does not assist with travel-related costs such as transportation, hotel accommodation, or food during these events. If you are unable to fully commit to all components of a traveling team, please contact the Program Specialist to discuss options before registering.
