

What is a Bachelor of Medicine, Bachelor of Surgery (MBBS) Degree?

MBBS Degree

- A Bachelor of Medicine, Bachelor of Surgery (MBBS) is an international undergraduate medical degree. It is equal to a Doctor of Medicine (MD) or Doctor of Osteopathic Medicine (DO) degree.
- It is offered in many countries in Europe, Asia and Africa.
- It takes 4 to 6 years to complete this degree.
- Before practicing in Minnesota, a medical doctor with an international medical degree must:
 - be certified by the Educational Commission for Foreign Medical Graduates
 - complete United States graduate medical education (residency)
 - be licensed by the Minnesota Board of Medical Practice.

Caring for You

A health care provider with an MBBS degree is a medical doctor and is the same as a medical doctor with an MD or DO degree.
